To
The International Boxing Association (IBA).

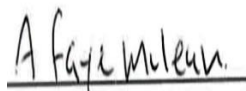

I am writing to you on behalf of the Irish Athletic Boxing Association regarding a question that was raised by our Federations members.

A small number of our clubs (Not National Teams) have planned to travel to the USA to take part in club tournaments in America. These permissions were granted by the IABA before the USA terminated their membership of the IBA.

Could you kindly clarify if these clubs from Ireland can legitimately travel to the USA to take part in these local tournaments.

I await your response.

Yours faithfully

Antoinette Faye McClean
National Secretary IABA
