How the Tournament Will Work

1. Tournament Structure:

We aim to have each category feature 2 semi-finals and a final. However, please note that this is not guaranteed for every category.

2. Group Creation:

For popular categories, such as 2013 57kg, where there are more than 4 Boxers, we will create two groups at random. A & B Jablinked system will facilitate.

3. Competitor Assurance:

We will strive to ensure that every competitor has a bout. If we cannot provide a bout, we will notify you and issue a refund. Please note that we are not responsible for issues such as non-attendance, missed weight, lack of medical clearance, or failure to be registered with the federation. Jablinked are not responsible for walkovers

Team Size:

- There is no limit to team size.
- For teams with 4 or more competitors, we recommend having 4 coaches to manage fighters in multiple rings, though this decision ultimately rests with the club.

Scoring System:

- Computer
